COLLECTION
2025

I'm excited to be part of VIHARI that blends style and innovation so effortlessly. What drew me to this brand is its attention to detail and aesthetics, which transform everyday essentials into something truly special. I've fallen in love with the collection, and I know it will add a touch of beauty and comfort to any home.

Elevate Your Electrical Experience

Welcome to Vihan, an esteemed name in India's electrical manufacturing landscape. Recognized as a solutions-oriented powerhouse, we deal with a variety of products that have been designed meticulously to cater for your needs. India's largest range of designer switches and versatile LED lighting to safe electrical wires and advanced MCBs, Vihan is now leading the way in home automation.

Our Exquisite Offerings

Quality is our hallmark across our modular range providing solution for every possible need whether it be a small cozy house or large scale commercial installations. Vihan Modular has become synonymous with design and innovation by integrating cutting-edge technology that has won wide user acceptability.

Award-Winning Excellence

Vihan's commitment to delivering electric performance has not gone unnoticed. In 2019 we were honored to win "Emerging Brand of the Year" award that underscores our pledge to deliver outstanding electrical results.

Legacy of Innovation

Since 25 years ago, Vihan has established a strong presence all over India ever since it was started in 1997 under the able chairmanship of Mr. Devendra Jain. Vihan's vision as captured by Mr. Jain is to make it the most desirable electrical company in India with global expansion ambitions expected within five years.

Vision & Mission

We are dedicated to maintaining our position as industry pacesetters; this implies that we will always be ahead of the market trends and keep setting new benchmarks for innovation. We have a passion for lighting up every home with brilliance, be it through our state-of-the-art LED lights or advanced switches. With expanding product lines and increasing market share, Vihan is set on becoming the one-stop-shop in India for electrical switches and LED lighting.

Our mission is to save energy while brightening India through providing best quality electrical solutions to each household in the country. We aspire to be your trusted electrical partner, ensuring satisfaction and repeat patronage through our premium products.

Timeless Charm

The Vintage Vogue

Journey back in time with designs that echo the elegance of by gone eras.

A woman with long, wavy brown hair, wearing a vibrant red strapless gown with a high slit and a diamond necklace, is smiling and pointing towards a light switch. She is holding the light switch plate with her other hand. The background is a warm, textured brown wall. The word "Vintage" is written in large white letters, and "collection" is written in smaller white letters below it. A small red maple leaf is visible on the left side of the dress.

Shine in Every Shade

Metallic Majesty

Embrace the allure of metallic elegance, where shimmering surfaces meet timeless sophistication.

A woman with long brown hair, wearing a black strapless dress, is the central figure. She is looking over her shoulder at the camera. Her dress is flowing and has a metallic sheen. She is wearing a necklace and a ring. The background is a light gray with geometric shapes. There are four circular metallic ornaments floating in the air: one in the top left, one in the top right, one in the bottom left, and one in the bottom right. The text 'Metallic Collection' is overlaid on the image.

Our Commitment to Quality

Quality is given the first priority at Vihan. We follow strict rules and are in line with safety regulations. As an ISO Certified company having its headquarters in Mumbai, we employ current testing techniques so as to ensure that our products are reliable when they get to you. This has made us be trusted and recommended by our customers for being excellent.

Extensive Network and Growing Presence

With more than 3500 direct distributors across India, Vihan has become a household name in electrical products. Our manufacturing base continues to widen while we strive for perpetual innovation in order to improve the quality of everyday life. It is not surprising that local electricians prefer our goods due to dependability and high standards of services. We are devoted to giving user satisfaction through offering best in class experience.

Be Part of the Vihan Revolution

Vihan presents futuristic electricity solutions. While we continue to expand and innovate, we welcome you on this electrifying journey with us. Experience the difference with Vihan, where quality meets innovation for a brighter tomorrow

Devendra Kumar Jain
Managing Director
Vihan Electric Private Limited

Dear Business Associates & well Wishers,

Greetings,

I welcome you to Vihan's world, and we thank you for the patronage provided to us over a period of time. Since its inception in 1997, Vihan Electric has been manufacturing and supplying electrical goods and services. We have proved our strength in providing Designer Switches, Lighting, switchgear, and Wires, ensuring high quality standards and safety.

The journey would have not been successful without your trust and faith in us. I am confident that this trust reposed in us will go a long way toward harvesting quality product & services in every form of your association with us.

Our pursuit of manufacturing high quality aesthetic product that meet all electrical parameters has not gone unnoticed, and we were awarded "EMERGING BRAND OF THE YEAR" in 2019. Product development is a way of life in Vihan, and we will continue to design our products in line with the latest technology and taste. A recent addition to our range is Automation in switches that not only gives ease of operation but also offers comfort to the user.

I thank you once again for providing us an opportunity to serve you, and we stand committed to providing you with the best of the technology and products.

Best wishes
